

## Background

---

The day-to-day operations of early education and care services must comply with all relevant legislation, standards and codes of practice. Services cannot achieve this without effective governance and management. Quality Area 7 of the Guide to the National Quality Standard contains the elements of effective leadership and management that result in a well-functioning, compliant service. Quality Area 7 also assists services in improving their skills in governance and management.

The terms 'governance' and 'management' have different meanings. 'Governance' refers to the service's future direction and goals, and how it will achieve these. It also ensures the service meets its regulatory requirements and that members of its governing organisation follow that organisation's constitution. 'Management' is about the service's day-to-day operation, such as children having sufficient toys and resources, parents' fees being up-to-date, and staff and educators following the service's policies and procedures.
