EDUCATION AND CARE SERVICES NATIONAL REGULATIONS	
168 (h)	Providing a child safe environment

Purpose

All children have the right to experience quality education and care in an environment that promotes opportunities to thrive with adults who safeguard and advocate for their health, safety, security and wellbeing including the right to:

- be asked to express their views and wishes about matters affecting their lives and to have those views appropriately considered by adults;
- feel and be safe in their interactions with adults and other children and young people; and
- understand, as early as possible, what is meant by 'feeling and being safe'.

Strategies

The physical Environment

In order to promote a safe physical environment, we will:

- Ensure all equipment and materials used at the service meet relevant safety standards.
- Contact Snowy Mountains Grammar School to remove, repair or replace worn and damaged buildings, structures equipment and resources which may provide a safety risk for children in a timely manner.
- Ensure learning environments are established that provide appropriate child groupings, sufficient space, and include carefully chosen and well-maintained resources and equipment (**National Regulation 103**).
- Organise indoor and outdoor spaces to ensure risks to the health and safety are minimised and that there is effective and adequate supervision available at all times (**National Regulation 115**).
- Conduct a risk assessment of the service environment on a quarterly basis to determine any risks to children's health and safety.
- Analyse and evaluate the risks associated with identified hazards.
- Determine appropriate ways to eliminate or control identified hazards.
- Review risk assessments after any serious incident report is made to the Regulatory Authority.

Staffing and Supervision

- Ensure that sufficient numbers of educators are employed to ensure adequate supervision of children at all times (**National Regulation 123, 130-132, 271-272**).
- Manage rosters to not only ensure that adequate numbers of educators are on duty to meet ratio and requirements (**National Regulation 126**) but that duty of care implications are considered to ensure adequate supervision at all times.
- Ensure screening and suitability of staff, volunteers as per the legislation and policy at the time of employment and as part of an ongoing process.
- Respond proactively to emerging staff performance concerns.

Child Protection

- All educators and volunteers of our service are Mandatory Reporters and are required to report to the Child Protection Helpline (24 hours) (Phone: 132 111 or eReport at: <https://reporter.childstory.nsw.gov.au/s/>) if they have reasonable grounds to suspect a child or young person is at risk of significant harm and have current concern about the safety, welfare or wellbeing of a child or young person.
- The Mandatory Reporter Guide will be used, to guide decision making and determine whether or not to report to the Child Protection Helpline under the new risk of significant harm reporting threshold.
- Staff will undertake training in order to effectively:
 - Make appropriate responses to all disclosures of abuse and any allegation of abuse against staff members of the service
 - Understanding of their responsibilities and procedure as a mandatory reporter
 - be able to recognise the factors that increase a child's vulnerability to maltreatment;
 - be aware of the vulnerabilities which may indicate a need to assess, monitor or curtail the behaviour of individuals in relation to children and young people within organisations.
- To comply with legislation and provide a child safe environment, educators will keep up to date with child protection requirements; this includes adhering to the Child Protection Policy, updating Child Protection Training as required, and completing the Child Protection Assessment on an annual basis.
